

A scatter plot showing two clusters of data points. The x-axis ranges from 0 to 10, and the y-axis ranges from 0 to 10. Cluster 1 is represented by blue dots and Cluster 2 by green dots. Cluster 1 points are primarily located in the upper right quadrant, with a dense group near (8, 8) and a few points extending towards the top right. Cluster 2 points are primarily located in the upper left quadrant, with a dense group near (2, 8) and a few points extending towards the top left. There is a small overlap between the two clusters near the top center.
