

The scatter plot displays the relationship between the number of countries (x-axis) and the number of languages (y-axis). The x-axis ranges from -0.4 to 0.8, and the y-axis ranges from 0 to 10. Data points are labeled with country codes. A dense cluster of points is visible on the left side of the plot, while the right side shows more spread-out points. The plot is titled 'country' and 'language'.
